Fixed detected and missed anomalies

c TP | ID 20042

Native 624 x 227 px; frozen first TP

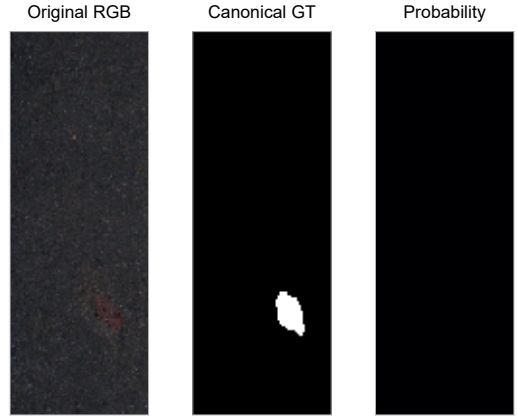

Native max s = 1 > original tau

GT-positive native pixels: 5,529

d FN | ID 20068

Native 637 x 230 px; frozen first FN

Native max s = 3.85780504e-06 <= original tau

GT-positive native pixels: 2,321

Anomaly probability: common linear [0,1]

Original tau = 7.264203168233501e-06. Full native canvas; no contrast stretch, smoothing or crop.

Four predefined examples across two pages; no additional independent validation or screen evidence.
